CEMETERY MAINTENANCE

The Parish Council understands the importance of the Cemetery at Water Stratford Road to village residents and is committed to its maintenance. However, this has become a little difficult at the moment as our contractor has been unable to mow some areas due to mementoes placed on graves.

We very much understand the importance of this for relatives and the comfort that it brings, however on occasions it has hindered cutting of the area which has meant that the area does not appear to be kept to the high standards we know you expect.

Could we therefore ask that next time you visit your loved ones any mementos are moved to the head of the grave by the headstone so that we can mow or trim the area.

Our contractor will be undertaking further work shortly and we will ask him to carefully move items remaining to the head of the grave, or, if this is not possible, they will be stored safely in the chapel for collection.

We hope that you don't mind us taking this opportunity to gently remind all of the following Cemetery rules.

The surface of the cemetery shall be kept level as far as possible and free from grave mounds, so that grass may be cut by a mower.

Wreaths or cut flowers may be laid direct on any grave. Persons appointed to care for the day-to-day upkeep and maintenance of the cemetery may remove the same when they appear to be withered.

Raised curbs, railings and plain or coloured stone chippings will not be permitted.

We understand that this is a very sensitive subject, but we also know from recent correspondence that the maintenance of the area is of upmost importance to the village.
